# Revised LUP rules/guidance

---

- FS – published in Federal Register  
on 01/05/2005
- BLM – Land Use Planning Handbook  
released on 03/22/2005  
<http://www.blm.gov>

# ROWs – legitimate use of federally owned land

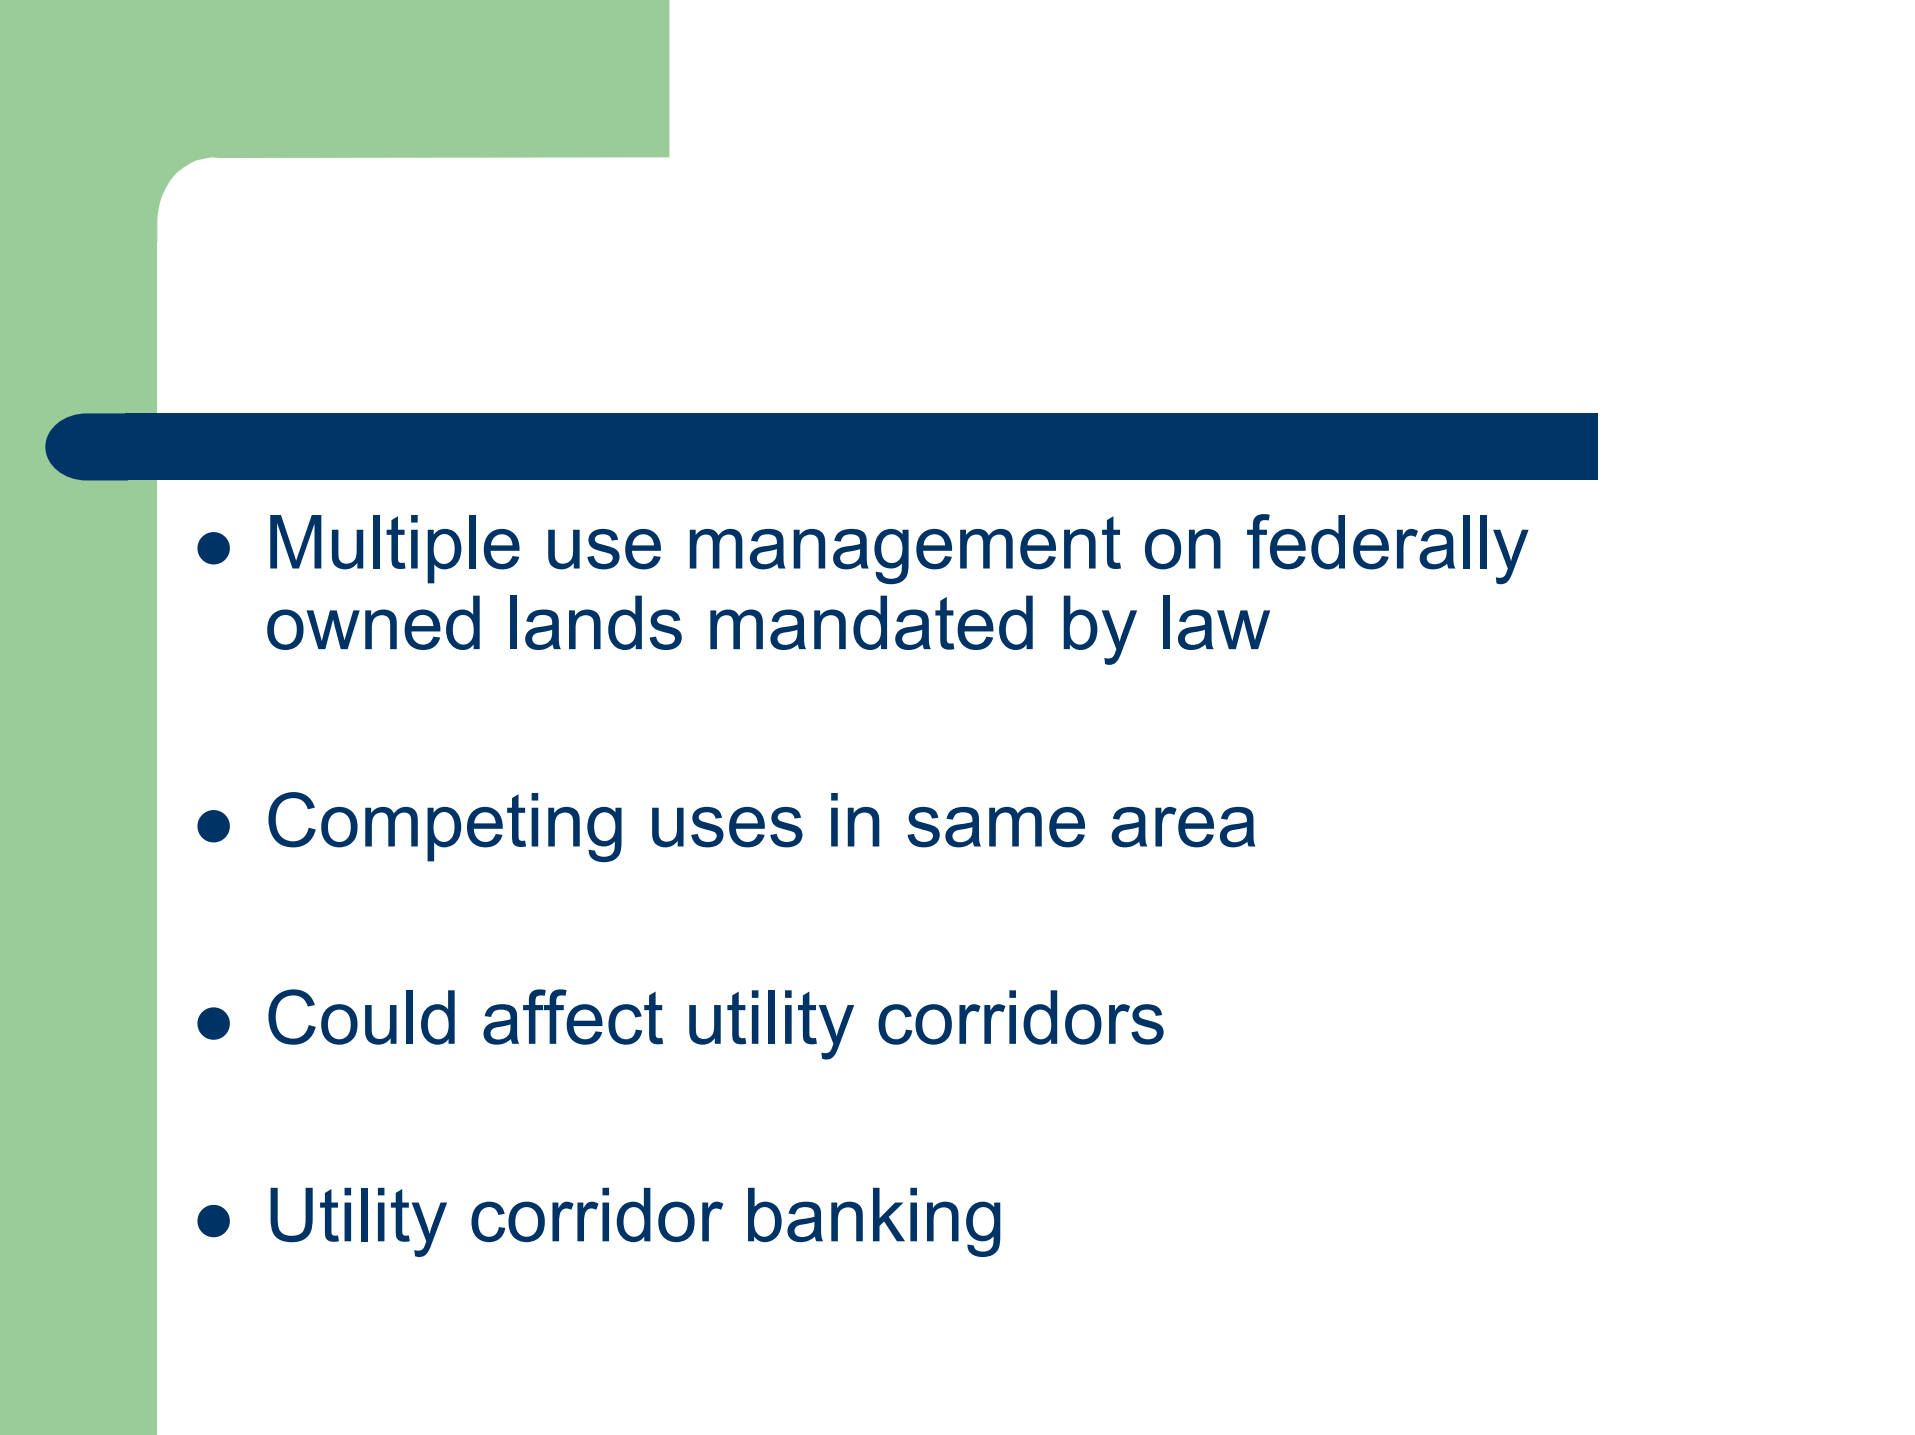

---

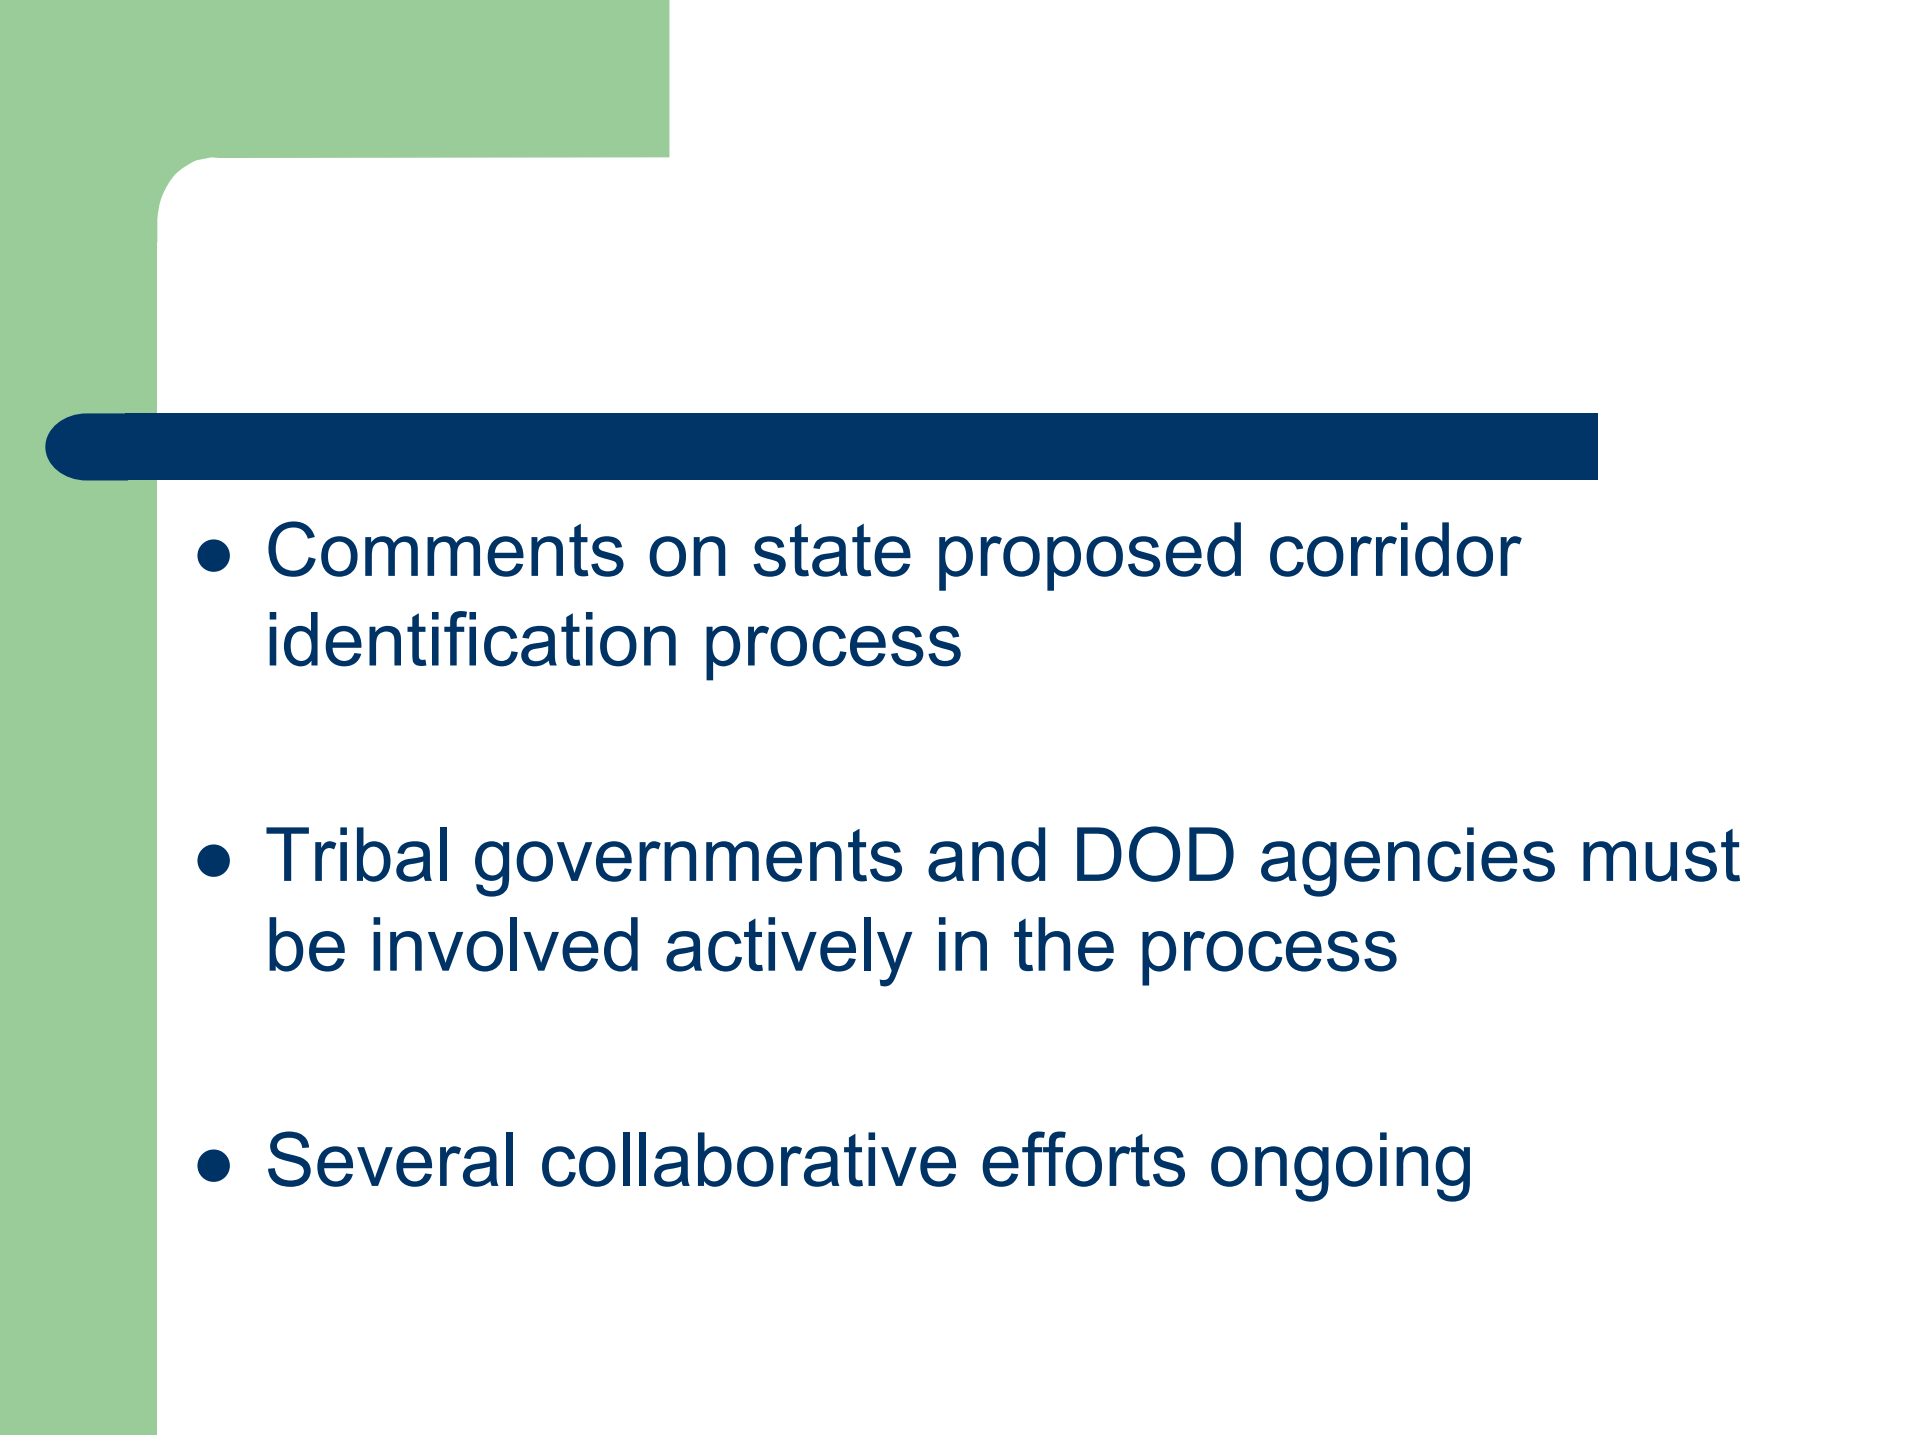

- Emphasized in LUPs
- National Energy Policy (May 2001)
  - Development of energy and minerals
  - Use federal lands to achieve RPS
  - Upgrade & expand existing transmission infrastructure

# Utility corridors

---

- Can't plan in a vacuum
- Collaboration and cooperation is important
- Statewide effort
- State sponsored study groups

- 
- Multiple use management on federally owned lands mandated by law
  - Competing uses in same area
  - Could affect utility corridors
  - Utility corridor banking

- 
- Comments on state proposed corridor identification process
  - Tribal governments and DOD agencies must be involved actively in the process
  - Several collaborative efforts ongoing
